Course Selection & Instructional Fees

The Wawasee Yacht Club Junior Sailing Program offers two class options – **Basic and Advanced**. The curriculum is progressive in nature and is based upon US Sailing's proven "Learn to Sail" program. (US SAILING is the National Governing Body for the sport of sailing and sailboat racing in the United States.)

*** Class descriptions are shown below. **The curriculum for each Basic class is identical.** If you have any questions regarding which level is appropriate for your sailor, please contact the program director for assistance.*

Basic

Recommended for all sailors ages 8-13. Sailors will be grouped daily according to experience, size, and ability. New or less experienced sailors will focus on the more basic elements of sailing, including boat handling, wind awareness, and safety. Newer, smaller sailors may initially sail with a partner, however, will transition to solo sailing as basic skills are mastered and physical ability is demonstrated. All sailors will be increasingly and appropriately challenged as skills are developed and proficiency is shown. Destination "voyages" are common. More experienced sailors will be introduced to the fundamentals of racing.

Boat types: Optimist, O'pen Bic, Sunfish

Advanced (Racing)

Recommended for experienced sailors ages 13-15. Sailors will focus on practicing advanced boat-handling techniques, racing skills, and team-work aboard multi-crew boats. A variety of boats will be used. Advanced sailors must be more physically and emotionally mature, in addition to having completed multiple Basic classes. Advanced sailors will be encouraged to crew aboard Lightnings or E-Scows, and/or to race Sunfish during WYC fleet racing.

Boat types: O'pen Bic, Sunfish, 420, Lightning, Scows
